

PRESS RELEASE

ENA LAKE LODGE FISHING CLUB ACQUIRES TAZIN LAKE LODGE

Tazin Lake adds world-class pristine, trophy fishery experience to Ena Lake Lodge

There's a whole lot more to look forward to next fishing season thanks to a new venture by Ena Lake Lodge. Starting in June of 2026, the private fishing club will be offering anglers exclusive access to the renowned fishery at Tazin Lake.

Tazin Lake is the third largest freshwater lake in Northern Saskatchewan and part of the rugged Precambrian Canadian Shield. Its deep, cold waters and rich ecology make for large and healthy fish populations, while the numerous sheltered bays and large islands create calm waters nearly every day of the season. The remote, fly-in lake has also been carefully managed to keep fishing pressure low for generations, including a total ban on commercial netting. The result is world-famous, trophy-sized Lake Trout and Northern Pike within over 100,000 acres of water to explore.

"This purchase was a once-in-a-lifetime opportunity for us," says Stephen Petasky, Managing Partner of Ena Lake Lodge and CEO of The Luxus Group. "Fishing at Tazin Lake is on the bucket list of anglers around the world, and we're beyond thrilled to continue the responsible stewardship of this remarkable destination. We're equally excited about the future investments planned to enhance Tazin Lake Lodge and further elevate the guest experience."

General Manager of Ena Lake Lodge Fishing Club, Ed Houck, shared his enthusiasm: "Adding the world-class fishery of Tazin Lake to the Ena Lake experience is truly a dream come true. Tazin is renowned for producing massive trout exceeding 45 inches and pike over 50 inches. With the upgrades we're making to the Tazin boat fleet—including PanOptix LiveScope technology and GPS spot-lock trolling motors—we're confident our guides will be putting guests onto some truly incredible fish."

Ena Lake Lodge, managed through its parent company, The Luxus Group, purchased Tazin Lake Lodge in the fall of 2025. As part of the acquisition, Ena Lake Lodge now owns the lodge, equipment, and fishing allocations at Tazin Lake, along with nine additional outpost lakes. Uncrowded and unspoiled, Tazin Lake has only one other lodge on its western shore, offering anglers private, reliable, and consistent action. Combined with the world-class fishing and luxury outdoor experience that define Ena Lake Lodge—and complemented by its exclusive fly-out lakes in the Northwest Territories—this new offering makes a trip to northern Saskatchewan an unparalleled opportunity for angling and fly-fishing in North America.

For the 2026 season, Ena Lake Lodge Fishing Club operators say Tazin Lake will be used as an outpost flyout for Ena Lake Lodge guests. Day trips will be offered to Tazin Lake, which is only 15 minutes away by float plane – enhancing the Ena member experience. And like all adventures with Ena Lake Lodge, fishing at Tazin Lake will be a premier experience. Top-of-the-line equipment, experienced guides, private aviation, sustainably managed fisheries, and a pristine wilderness are part of every trip.

"We can't wait to welcome our first guests to Tazin and watch their jaws drop at the sight of this spectacular lake and the size of the fish it produces," says Stephen Petasky. "Ena Lake Lodge is already one of the most luxurious outdoor resorts in Northern Canada, and we're now proud to say it's also one of the best fishing experiences in the world."

ENA LAKE LODGE

ABOUT ENA LAKE LODGE PRIVATE FISHING CLUB

Ena Lake Lodge is a private members fishing club set deep in the pristine wilderness of northern Saskatchewan, offering one of the most exclusive and luxurious angling experiences in North America. Members enjoy access to a remote, fly-in destination where world-class fishing meets true backcountry comfort — from refined northern rustic accommodations and exceptional cuisine to experienced guides, top-of-the-line equipment, and private aviation throughout. With the addition of Tazin Lake and the club's exclusive fly-out lakes in the Northwest Territories, Ena Lake Lodge now offers its members an unmatched range of trophy fisheries, all under one experience.

A limited number of non-member trips are allocated each season, providing a rare opportunity for select guests to experience the lodge firsthand. To inquire about membership or non-member trip availability for the 2026 or 2027 seasons, please contact fish@enalake.com.

ABOUT THE LUXUS GROUP

The Luxus Group is a multi-disciplined company specializing in developing, managing, and servicing resort residential and hospitality real estate assets including Ena Lake Lodge and vacation homes under the brand Luxus Vacation Properties.

Luxus Vacation Properties is a branded portfolio of luxury vacation homes and exceptional, once-in-a-lifetime experiences in some of the world's most sought-after destinations. From Hawaii and Mexico to Palm Springs and Scottsdale, among others, Luxus offers guests access to thoughtfully curated properties paired with the service, design, and attention to detail that define a true luxury experience. In addition to its global collection of vacation homes, Luxus manages Ena Lake Lodge, the world-class private fishing club in northern Saskatchewan, extending its portfolio beyond beaches and resort towns into the heart of the Canadian wilderness.
